

We've joined Premier's QUEST for the highest performance.

Texas Health Resources is committed to achieving the best patient outcomes. That's why we have joined QUEST, organized through the Premier healthcare alliance. We'll collaborate with other nonprofit hospitals—sharing data on performance excellence, identifying gaps and developing innovative solutions to lowering mortality, avoiding harm, improving efficiency and patient experience. Together, we'll help drive the standard for quality and become the top industry performers within the next three years. QUEST provides the opportunity to transform ourselves while transforming healthcare for the better.

—DOUG HAWTHORNE

CHIEF EXECUTIVE OFFICER, TEXAS HEALTH RESOURCES
