

## Patient lift and transfer resources

March 2007

**Note:** This equipment guide is a general resource for the type of equipment described in the [Reducing musculoskeletal injuries in patient care](#) module. It is adapted from the Veterans Integrative Service Networks (VISN) 8 Patient Safety Center, <http://www.visn8.med.va.gov/patientsafetycenter/>, and is not intended to be a complete listing of all available equipment manufacturers available.

For additional companies with falls and back injury prevention resources, refer to [Premier contracted suppliers](#) and other companies providing lift and transfer resources listed below.
